

2018 LEADS Community for Practice Exchange Day

June 6, 2018 - Delta St. John's & Convention Centre, St. John's, NL

Integrating LEADS for Healthy Systems

The 2018 LEADS Community for Practice Exchange Day will take place following the *National Health Leadership Conference*, June 4 -5, 2018, in one of the most colourful oceanside destinations in the world, St. John's, Newfoundland.

The focus this year will be on *Integrating LEADS for Healthy Systems* change at the organizational, regional and provincial level. We will take a look at integrating LEADS from each of these perspectives.

In addition, special attention this year will also be on the leadership aspect of integrating the Mental Health Commission of Canada's *National Standard for Psychological Health and Safety in the Workplace* and creating a mentally healthy workplace using a LEADS lens. The event is in partnership with the By Health, for Health Collaborative, a collaboration between HealthCare CAN (HCC) and the Mental Health Commission of Canada (MHCC).
